second-hand textbook trading system

- List all your Wanted & For Sale Ad (Browsers tell each other what they require and what they have to sell)
- The school's book lists are loaded into the system to make the ad listing process easy, fast and accurate
- Assistance is provided to accurately price items
- The system matches the ads of Buyers and Sellers
- Notifies the Buyer (Wanted Ad) via email of the Ad Matches
- Buyers contact sellers and arrange where and when to trade, we are not involved in the transaction and do not charge any commissions.
- Excellent telephone (1300 683 337) and email help-lines are provided
- Most trading occurs with other parents from your school

For great results

- Check your emails regularly for Ad Match emails
- There are 2 types of Ad Match emails:

Exact Match email: means it is the correct item from another parent from your school

Close Match email: means it probably is the correct item, could be from a parent from another nearby school

- You will continue to receive Ad Match emails while your Wanted ads are listed.
- Manually searching does not provide the best outcomes – often items are listed and sold between searching sessions and are never seen
- Parents who list Wanted ads get first choice of the items
